Notes:

Tax payments and state budget payments are subject to further mandatory payment instructions. Provided by the counterparty, these are to be entered in Information/Advice for Bank (not considered here a non-authorized use of this field and as such not subject to any charges).

Important Information:

- Please obtain the required payment details from your business partner – the beneficiary.
- VO Codes are available on our website under Documents/ Other Documents/Payments.
- Payment orders failing to provide the required payment details will be returned for completion; payments might be delayed.
- Payments made upon payment orders failing to provide correct payment details identified by the correspondent/ beneficiary's bank will be claimed or returned unclaimed.
- The account name stated in the Credit Account Name field must correspond to that registered in the respective Russian bank. Given the different transcription rules, we recommend that the official transcription of the account name be obtained from the beneficiary (transcription provided by the beneficiary's bank in the document entitled "Реквизиты счета для рублевых и валютных зачислений").
